Water / Sewer Report:

Sanitary sewer flows have decreased significantly from our lining and manhole rehabilitation projects, we are still slightly over permitted level only during rain events. Average daily flow level was exactly at our permitted maximum level in April (no violation), even with typical heavy precipitation.

Mayor wants a close eye on the flow and to have the monthly numbers reported on.

Water / Sewer Department repairing sanitary sewer main on Colonial Drive to reduce infiltration. Village is reconnecting house lateral due to raising of sanitary main to correct pitch issue on village main. Village main was sagged and leaking groundwater excessively.

Mayor explained to students the letter from GHD and what happened last meeting regarding digester cover. Trustee Chamberlin had concerns that the due process was not followed. Deputy Mayor Wikman would like to an Executive Session to discuss employee matters relating to the Digester Cover. Trustee Rose would like the rebid resolution rescinded and move forward.

7. WWTP Resolution Digester Cover /Executive Session Motion was made by Deputy Mayor Wikman, seconded by Trustee Chamberlin; carried, Mayor Krebs, Deputy Mayor Wikman, Trustees Chamberlin, and Rose voting yes, none opposed to move into Executive Session regarding the employment history of a DPW employee at 7:26 pm

Motion was made by Trustee Rose, seconded by Trustee Chamberlin; carried Mayor Krebs, Deputy Mayor Wikman, Trustees Chamberlin and Rose voting yes, none opposed to rescind the resolution from the May 6,2019 meeting to rebid the digester cover.

Motion was made by Trustee Rose, seconded by Deputy Mayor Wikman to award the Digester Cover bid to H&K Sevice in the amount of \$549,500 per GHD recommendation for the replacement of the cover on the Primary Digester. The bid price includes replacing the existing dual membrane cover with a new stainless steel fixed radial beam cover. The cost will be split between \$350,000 from insurance proceeds and approximately \$230,000 from the WWTP borrowing form July 2018 for a project on N. Central that was not utilized.

Short Environmental Assessment Form Part 3 Determination of Significance

For every question in Part 2 that was answered "moderate to large impact may occur", or if there is a need to explain why a particular element of the proposed action may or will not result in a significant adverse environmental impact, please complete Part 3. Part 3 should, in sufficient detail, identify the impact, including any measures or design elements that have been included by the project sponsor to avoid or reduce impacts. Part 3 should also explain how the lead agency determined that the impact may or will not be significant. Each potential impact should be assessed considering its setting, probability of occurring, duration, irreversibility, geographic scope and magnitude. Also consider the potential for short-term, long-term and cumulative impacts.

There will be no significant adverse environmental impacts as this proposed action will allow trees that are designated by NYPA to be placed under overhead wires.

<input type="checkbox"/> Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action may result in one or more potentially large or significant adverse impacts and an environmental impact statement is required.

Project Number LL 8 of 2019

Date: 6/3/19

This notice is issued pursuant to Part 617 of the implementing regulations pertaining to Article 8 (State Environmental Quality Review Act) of the Environmental Conservation Law.

The Village of Springville as lead agency, has determined that the proposed action described below will not have a significant adverse environmental impact and a Draft Impact Statement will not be prepared.

Name of Action:

Local Law 8 of 2019 Section 170 - Revisions to Trees

SEQR Status: Type 1
Unlisted

Conditioned Negative Declaration: Yes
 No

Description of Action:

Remove Section 170-6 A. 1-3, renumber #4 to #1 and add new #2 "No tree shall be planted under any overhead wire that is not classified as utility friendly by the New York Power Authority".

Local Law No. 9 of 2019 Village of Springville Public Hearing June 17, 2019

Amending Section 200-5, Boundaries of Districts on Zoning Map for Waverly Street as indicated in the attached maps:

PROPOSED RE-ZONE AREA

The property located on Waverly Street, SBL No 335.18-2-35 is currently zoned as commercial, CIP. Said property shall be rezoned from commercial, CIP zoning to Residential, RM zoning. The rezoning is consistent with the zoning on Waverly Street in that it is unlikely that this parcel would be used an industrial park as originally intended and that parcel(s) on nearby Commerce Drive have previously been rezoned from CIP to RM zoning so that this proposed rezoning will be consistent with the characteristics of neighboring properties.

SPRINGVILLE ZONING MAP CHANGES

The proposed zoning map shall include re-zoning of certain areas within the Village of Springville to allow for Residential, RM uses to be set forth for the above-indicated property located on Waverly Street, SBL No 335.18-2-35.

Local Law will take effect immediately upon filing with the Secretary of State.

Kenneth W. Kostowniak
Superintendent of Public Works
kkostowniak@villageofspringvilleny.com
Superintendent Report for June 3, 2019

ATTACHMENT NO. A4

AGENDA DATE 6/3/19

Report:

Issued a notice letter to Peerless Winsmith to repair driveway access from N Central Ave. Numerous times tractor trailer traffic has become stuck trying to make turn onto Eaton and/or hit Village electric pole and lawn damage.

Electric Report:

Attended NYMPA meeting on 5/22. Discussed TCC charges and cost increases from congestion mitigation. NYMPA has a Congestion Mitigation Program (CMP) which has funds to help all members offset the drastic increase in our rates. Also, vote was held to elect new board member for vacancy left by departure of Massena Electric. Majority of meeting was discussing the transmission congestion issues in the state due to closing of fossil fuel plants. Resolution was passed to approve PLM Engineering to continue study and make recommendation to NYMPA Board on addressing TCC charges.

Water Resolution:

Recommend resolution to authorize Mayor to sign agreement with Wm Bognar Construction to relocate Shuttleworth hydrant per prior bid award, after village attorney approval.

Recommend resolution to authorize Mayor to sign agreement with H & K Services, Inc per prior bid award, after village attorney approval for digester cover replacement.

Recommend resolution to **not award** bid for heated building for Water division due to all bids submitted were drastically over budgeted amount.

Bid package may be revised and rebid in the future pending board approval.

WWTP / Sewer Report:

The WWTP is permitted by NYDEC for 1.15 MGD daily average for each month. Flows are measured by a transducer at the head of the plant. This monitors the flows continuously throughout the day and provides the daily average and monthly summary. Our off-peak flow is described as the amount of flow we have during the overnight when businesses are closed and people are sleeping, peak flow is the inverse.

We monitor flows real time during the day and routinely check during rain events. during peak flow rain events we have been under, at or slightly over our permitted level (depending on how heavy the rainfall is), very positive results from our lining and manhole projects. While flow is important to monitor, the BOD (biochemical oxygen demand), DO (dissolved Oxygen) and TSS's (total suspended solids) along with bacterial counts in the effluent are more closely monitored by NYDEC and EPA.

The WWTP did have a non-compliance event on Saturday 5/25. The non-compliance event was high fecal coliform test result due to only **partial** disinfection of the effluent stream. Chief Operator issued Ny-Alert notification immediately, and followed up with written notification to NYDEC. Myself, Rich and Liz also called NYDEC on Monday a.m. to report and discuss any items to address. NYDEC (Dan Judd) said we followed correct action and NYDEC has no issues. This was caused by operator error. The UV building has 2 channels for disinfection and only one side at a time is used turned on. Chief Operation was able to correct the situation by closing the channel not receiving UV treatment. Fecal coliform is present in streams and waterways already and not a high level threat to public health. FYI if this was E.coli, more notification will be sent.

(continued)

Water / Sewer Department completed repairing sanitary sewer main on Colonial Drive to reduce infiltration. The section of sanitary sewer crossing roadway is only point of infiltration now. This 135' of 6" VTP is leaking at its joints and needs replacing, will list this as a priority area for I & I offset program.

Attended Ny Rural water conference with 3 employees of water/sewer and WWTP. Attended classes for CEU needed for operators licenses on various topics, ie: backflow, social media, environmental conditions affecting subsurface water sources, waste streams, electrical safety.

Will be developing revisions to our code to regulate discharges into sanitary sewers by brewery's, also waste hauling of brewing by products. Code will **not** be to deter these types of operations, but to minimize negative impacts from by-products of production, and reduce BOD in WWTP.

Electric Resolution:

**VILLAGE OF SPRINGVILLE
PLANNING BOARD MINUTES**

May 14, 2019

7:00 P.M.

A meeting of the Planning Board of the Village of Springville was held at the Village Municipal Building, 65 Franklin Street, Springville, New York at the above date and time. Present were:

Chairman:	Bob Muhlbauer
Members:	Terry Skelton
	Joe Emerling
	Ken Heidle
	Greg Keyser
Building Inspector/ CEO:	Mike Kaleta
Clerk:	Kellie Grube

After the Pledge to Allegiance, Chairman Muhlbauer called the meeting to order at 7:03 pm.

With no Public Hearings on the agenda this evening, Chairman Muhlbauer asked CEO/Building Inspector Mike Kaleta what may be coming before the Planning Board in the future.

Mr. Kaleta said that Mr. Dick Knox, who owns vacant property on Commerce Dr. and Waverly St., would like to develop the property for new single family housing. In order to do this, the Zoning for that area would have to be changed from its current CIP to RM or the applicant would have to apply for a Use Variance with the Zoning Board of Appeals. Upon speaking to Mr. Kaleta, Mr. Knox stated that he would like to put in approximately 8-10 houses. Mr. Knox has spoken to Encorus Group, an engineering firm, to help him in his initial development plan.

After some discussion, the Planning Board agreed that they would like to see a preliminary rendering of Mr. Knox's plans. They agreed that the rendering wouldn't change what their recommendation to the Village Board of Trustees will be, but none the less, they would like to see what he has in mind.

Mr. Kaleta informed the Planning Board that if Mr. Knox does get his wish and the zoning is changed for this property, he will still have to adhere to all other Village of Springville Code. Mr. Knox will have to come before the Planning Board for Site Plan approval as well as Subdivision by means of a Public Hearing.

With that being said, Chairman Muhlbauer asked for a motion to make the recommendation to the Village of Springville Board of Trustees to change the area at Commerce Dr. and Waverly St. from CIP to RM to allow new housing to be built in this area, thus keeping with the character of

the area. Member Joe Emerling made the motion, seconded by Member Terry Skelton. All in favor, none opposed.

At this time, Mr. Kaleta informed the Planning Board that there are no Public Hearings scheduled for next month. He did state that there are some projects in the works but none that are ready for a Public Hearing as of yet.

Lastly, Chairman Muhlbauer asked for a motion to approve the minutes from the April 9, 2019 meeting. Member Terry Skelton made the motion, seconded by Member Greg Keyser. All in favor, none opposed.

At 7:35 pm Chairman Muhlbauer asked for a motion to adjourn the meeting. Member Terry Skelton made the motion, seconded by Member Joe Emerling. All in favor, none opposed.

Respectfully Submitted,

Kellie R. Grube
