INVESTMENT POLICY FOR VILLAGE OF SPRINGVILLE

I. SCOPE

This investment policy applies to all moneys and other financial resources available for investment on its own behalf or on behalf of any other entity or individual.

II. OBJECTIVES

The primary objectives of the local government's investment activities are, in priority order,

- * To conform with all applicable federal, state and other legal requirements (legal);
- * To adequately safeguard principal (safety);
- * To provide sufficient liquidity to meet all operating requirements (liquidity); and
- * To obtain a reasonable rate of return (yield).

III. DELEGATION OF AUTHORITY

The governing board's responsibility for administration of the investment program is delegated to the Administrator/Clerk-Treasurer who shall establish written procedures for the operation of the investment program consistent with these investment guidelines. Such procedures shall include an adequate internal control structure to provide a satisfactory level of accountability based on a database or records incorporating description and amounts of investments, transaction dates and other relevant information and regulate the activities of subordinate employees.

IV. PRUDENCE

All participants in the investment process shall seek to act responsibly as custodians of the public trust and shall avoid any transaction that might impair public confidence in the Village of Springville to govern effectively.

Investments shall be made with judgment and care, under circumstances then prevailing, which persons of prudence, discretion and intelligence exercise in the management of their own affairs, not for speculation, but for investment, considering the safety of the principal as well as the probable income to be derived.

All participants involved in the investment process shall refrain from personal business activity that could conflict with proper execution of the investment program, or which could impair their ability to make impartial investment decisions.

V. DIVERSIFICATION

It is the policy of the Village of Springville to diversify its investments by financial institution, by investment instrument, and by maturity scheduling as much as feasibility possible due to current interest rates and hard costs.

VI. INTERNAL CONTROLS

The Administrator/Clerk-Treasurer is responsible for establishing and maintaining an internal control structure to provide reasonable, but not absolute, assurance that deposits and investments are safeguarded against loss from unauthorized use or disposition, that transactions are executed in accordance with management's authorization and recorded properly, and are managed in compliance with applicable laws and regulations.

VII. DESIGNATION OF DEPOSITARIES

The banks and trust companies authorized for the deposit of monies up to the maximum amounts are:

<u>Depository Name</u>	<u>Maximum Amount</u>
First Niagara Bank	\$10,000,000
JPMorgan Chase	10,000,000
Key Bank of New York	10,000,000
M & T Bank	10,000,000
Cattaraugus County Bank	10,000,000
Community Bank	10,000,000
Citizens Bank	10,000,000
NYCLASS	10,000,000

VIII. COLLATERALIZING OF DEPOSITS

In accordance with the provisions of General Municipal Law, §10, all deposits of the Village of Springville, including certificates of deposit and special time deposits, in excess of the amount insured under the provisions of the Federal Deposit Insurance Act shall be secured:

1. By a pledge of "eligible securities" with an aggregate "market value" as provided by GML §10, equal to the aggregate amount of deposits from the categories designated in Appendix A to the policy.
2. By an eligible "irrevocable letter of credit" issued by a qualified bank other than the bank with the deposits in favor of the government for a term not to exceed 90 days with an aggregate value equal to 140% of the aggregate amount of deposits and the agreed upon interest, if any. A qualified bank is one whose commercial paper and other unsecured short-term debt obligations are rated in one of the three highest rating categories by at least one nationally recognized statistical rating organization or by a bank that is in compliance with applicable federal minimum risk-based capital requirements.
3. By an eligible surety bond payable to the government for an amount at least equal to 100% of the aggregate amount of deposits and the agreed upon interest, if any, executed by an insurance company authorized to do business in New York State, whose claims-paying ability is rated in the highest rating category by at least two nationally recognized statistical rating organizations.

IX. SAFEKEEPING AND COLLATERALIZATION

Eligible securities used for collateralizing deposits shall be held by the depository and/or a third party bank or trust company subject to security and custodial agreements.

The security agreement shall provide that eligible securities are being pledged to secure local government deposits together with agreed upon interest, if any, and any costs or expenses arising out of the

collection of such deposits upon default. It shall also provide the conditions under which the securities may be sold, presented for payment, substituted or released and the events which will enable the local government to exercise its rights against the pledged securities. In the event that the securities are not registered or inscribed in the name of the local government, such securities shall be delivered in a form suitable for transfer or with an assignment in blank to the Village of Springville or its custodial bank.

The custodial agreement shall provide that securities held by the bank or trust company, or agent of and custodian for, the local government, will be kept separate and apart from the general assets of the custodial bank or trust company and will not, in any circumstances, be co-mingled with or become part of the backing for any other deposit or other liabilities. The agreement should also describe that the custodian shall confirm the receipt, substitution or release of the securities. The agreement shall provide for the frequency of revaluation of eligible securities and for the substitution of securities when a change in the rating of a security may cause ineligibility. Such agreement shall include all provisions necessary to provide the local government a perfected interest in the securities.

X. PERMITTED INVESTMENTS

NYCLASS Rated S&P 'AAAm'

GENERAL INFORMATION

New York Cooperative Liquid Assets Securities System (NYCLASS) is a short-term, highly liquid investment fund designed specifically for the public-sector. It provides the opportunity to invest funds on a cooperative basis in short-term investments that are carefully selected to maximize safety and liquidity while generating a competitive yield.

Participation is available to any municipal corporation or special purpose district empowered under New York State Statute including counties not within the City of New York, cities, towns, villages, school districts, fire districts, and boards of cooperative educational services.

NYCLASS is subject to the terms of the October 20, 1999, NYCLASS Municipal Cooperation Agreement (the Agreement), as amended March 28, 2019, and is structured in accordance with New York State General Municipal Law (GML), Article 3-A and Article 5-G, Sections 119-n and o, and Chapter 623 of the Laws of 1998. All NYCLASS investment and custodial policies are in accordance with GML and Sections 10 and 11 (as amended by Chapter 708 of the Laws of 1992). The Agreement is between the Village of Potsdam (Lead Participant) and each district and/or municipal corporation that formed the original NYCLASS fund or that subsequently elects to participate. All parties to the Agreement are collectively referred to as "the Participants."

NYCLASS is rated 'AAAm' by S&P Global Ratings. According to S&P, a fund rated 'AAAm' demonstrates extremely strong capacity to maintain principal stability and to limit exposure to principal losses due to credit risk. 'AAAm' is the highest principal stability fund rating assigned by S&P. A 'AAAm' rating by S&P Global Ratings is obtained after S&P evaluates a

number of factors including credit quality, market price exposure, and management. Ratings are subject to change and do not remove credit risk. These ratings are neither a market rating nor a recommendation to buy, hold, or sell the securities by the rating agencies.

NYCLASS Governing Board

The Agreement is administered by an elected Governing Board (the Board) of up to 15 members. A Board Member must be either a Participant's Chief Fiscal Officer or another designated officer or employee of the Participant who has knowledge and expertise in financial matters.

The powers and responsibilities of the Board include:

- Administering all aspects of the Agreement
- Entering into appropriate contracts to assist in the management of the Agreement
- Monitoring compliance with the investment policy, maturity limitations, and reporting and disclosure requirements established under the Agreement
- Testing the investments made pursuant to the Agreement at least once a month for sensitivity to changes in interest rates
- Disclosing to Participants any rating or change in rating from a nationally recognized statistical rating organization

The Board invests cooperative funds only in securities that are legal for public funds investment in New York. The Board limits these investments to Repurchase Agreements collateralized 102% with U.S. Treasury securities and agency securities backed by the full faith and credit of the U.S. government, U.S. Treasury

bills and notes, Obligations of the state of New York, collateralized bank deposits, and other U.S. government guaranteed obligations.

Professional services engaged by the Board

The Board enlists the services of several professionals to fulfill its administrative responsibilities: a Fund Administrator, an Investment Advisor, an Independent Auditor, Legal Counsel, and a Custodial Bank.

Investment Advisor: Public Trust Advisors, LLC (Public Trust), an SEC-registered investment advisor, provides daily market reports and proposed investment strategies to the Lead Participant's Fiscal Officer who, in turn, directs investment transactions on behalf of all NYCLASS Participants. Public Trust also performs a monthly "stress test" on the NYCLASS portfolio to determine its sensitivity to interest rate volatility and makes the necessary surveillance filings with S&P Global Ratings related in accordance with their 'AAAm' rating guidelines.

Custodian: Wells Fargo Bank, N.A. provides third-party custody services for the NYCLASS portfolio. The Custodian is responsible for the receipt and safekeeping of all cooperatively invested NYCLASS assets that are held in a segregated trust company institutional custody account.

Auditors: CliftonLarsonAllen, LLP conducts an annual independent audit of the NYCLASS fund. Copies of the audit are distributed to all Participants and the New York State Comptroller.

FUND OBJECTIVES

In all its investments, NYCLASS seeks to maximize safety, liquidity, convenience, and competitive rates of return. The portfolio

strategy is to be fully invested each night to maximize yields.

Safety

Besides investing public-sector funds only in securities legally permitted under New York law, NYCLASS offers the additional strength of its 'AAAm' rating by S&P Global Ratings as well as the security of an annual audit by an independent outside audit firm, CliftonLarsonAllen, LLP.

To further ensure safety, portfolio investments are carefully balanced to correspond with Participants' anticipated cash flow needs as well as to minimize the effects of market volatility.

Several security features are also in place to protect against fraud or error. Only designated officials may conduct transactions, and funds may be transferred only to previously authorized bank accounts.

Liquidity

Participants may conduct transactions (deposits, withdrawals, or transfers) on any normal business day. All portfolio investments are carefully selected to ensure that cash is available whenever needed. There is never a penalty for withdrawals of invested funds including all accrued interest. There are no limits on the dollar amount or number of daily transactions except that total daily withdrawals may not exceed the total balance on deposit. There is no minimum balance requirement or transaction size.

Convenience

To make cash management simple and efficient, NYCLASS includes many features that make it easy to access account information and simplify record keeping. Participants may make account transactions on any business day using the NYCLASS toll-free phone number,

(855) 804-9980, fax number (855) 804-9981, email (clientservices@newyorkclass.org), or via the MYACCESS online transaction site at www.newyorkclass.org.

Any transaction made with the proper notification to NYCLASS Client Services before 12:00 p.m. ET on a business day will be posted and, if appropriate, begin earning interest on that day; transactions made after 12:00 p.m. ET will be posted the next business day. All transactions are confirmed same-day by email. Participants may also execute transaction notifications in advance to anticipate important draw dates. This "pre-dating" function avoids timing problems and ensures that cash is available to meet specific payroll or other cash needs.

Participants may establish any number of NYCLASS subaccounts to track and parallel their own internal fund accounting structures. Although all investment and payment forms have been designed to be simple and user-friendly, we can also customize account information to meet special needs. Participants may contact the Public Trust Client Service Desk on any business day to get specific account information or for other assistance.

Comprehensive monthly statements provide a detailed account history including daily account activity and transaction numbers. These statements have been designed specifically to facilitate public-sector fund accounting and to establish a clear accounting and audit trail for Participants' investment records.

Rates of Return

NYCLASS Participants can benefit from the professional investment expertise provided by Public Trust. Participants in NYCLASS can take advantage of economies of scale relative to purchasing power and transaction and clearance costs as well as custody arrangements. Overall

portfolio performance is enhanced by the different cash-flow cycles of the various Participants.

For the purpose of calculating the portfolio's net asset value per share, the securities held by the portfolio are valued as follows: (1) securities for which market quotations are readily available are valued at the most recent bid price or yield equivalent as obtained from one or more market makers for such securities; (2) all other securities and assets are valued at fair market value determined in good faith. The result of this calculation is a share value that is rounded to the nearest penny. Accordingly, the price at which portfolio shares are sold and redeemed will not reflect net realized or unrealized gains or losses on portfolio securities which amount to less than \$.005 per share. The fund will endeavor to minimize the amount of such gains or losses. However, if net realized and unrealized gains or losses should exceed \$.005 per share, a portfolio's net asset value per share will change from \$1.00 or be maintained at \$1.00 per share by retention of earnings or the reduction on a pro rata basis of each Participant's shares in the event of losses or by a pro rata distribution to each Participant in the event of gains.

It is a fundamental policy of NYCLASS to maintain a net asset value of \$1.00 per share, but for the reasons herein stated, there can be no assurance that the net asset value will not vary from \$1.00 per share. The net asset value per share of NYCLASS may be affected by general changes in interest rates resulting in increases or decreases in the value of the securities held by the fund. The market value of such securities will vary inversely to changes in prevailing interest rates. Thus, if interest rates have increased from the time a security was purchased, such security, if sold, might be sold at a price less than its cost. Similarly, if interest rates have declined from the time a security was

purchased, such security, if sold, might be sold at a price greater than its cost. If a security is held to maturity, no loss or gain is normally realized as a result of these fluctuations. Net investment income is declared and distributed daily via a daily dividend factor that is determined by dividing net investment income by joint value. The daily dividend factor is multiplied by the total dollars in each Participant's account to arrive at a dividend that is then added to the Participant's balance. The daily dividend factor is also used to calculate the daily interest rate which is the daily dividend factor multiplied by the number of days in the year. For convenience, the daily interest rate is summarized in Participants' monthly statements.*

All expenses related to operating NYCLASS are encompassed in a single management fee that is deducted from the portfolio earnings prior to the recording of the daily investment results. The Governing Board has entered into an agreement with Public Trust Advisors, LLC. Effective July 1, 2018, Public Trust is paid an annual fee ranging from 0.12% (12 basis points) to 0.15% (15 basis points) based on the current balance of the fund. The fee is accrued on a daily basis and is paid monthly in arrears. The daily fee accrual is calculated based on the current day's shares outstanding multiplied by the applicable fee rate and is divided by 365 or 366 in the event of a leap year. For weekends and holidays, the shares outstanding for the previous business day will be utilized for the calculation of fees.

The costs of fund operation covered by the fee include all custodial and securities clearance and transaction charges; portfolio valuation expenses; the cost of the annual independent audit; all expenses of participant and portfolio record-keeping, accounting, and monthly statement preparation; all investment advisory

fees paid to the Investment Advisor; expenses related to legal and other professional fees associated with the normal operation and support of the fund; reasonable expenses incurred in the course of hosting periodic Participant and board meetings or for conducting participant surveys; and mailing, telephone, stationery, fax, and wire charges. Participants receive no other bills, fees, or charges associated with the normal operation of the fund.

JOINING NYCLASS

In order to join NYCLASS, Participants must approve the NYCLASS Agreement by a majority vote of their governing body. Once the Lead Participant has received and, through the Fund Administrator, processed the fully executed Municipal Cooperation Agreement and Authorizing Resolution, the Custodian will be notified and participation can begin. A representative of the Fund Administrator will then inform the new Participant of the fund's contribution, withdrawal and transfer procedures, establish the requisite accounts and bank wiring instructions, obtain authorized signatures, set up security arrangements, and answer any questions. The new Participant will also be informed from time-to-time of the dates and locations of regional Participant meetings where issues relevant to the governance and operations of the NYCLASS fund are discussed.

For additional information about the fund, please visit us at www.newyorkclass.org/relationship-team, or contact us at (855) 804-9980 or clientservices@newyorkclass.org.

Any Participant may withdraw from the Agreement at any time upon written notice to the Lead Participant and the Governing Board. This document is intended to provide general information about NYCLASS, a cooperative investment fund designed for New York public

entities. The specific terms of the fund are fully defined by the terms of both the NYCLASS Municipal Cooperation Agreement and New York State General Municipal Law.

***Past performance is no guarantee of future results. Any financial and/or investment decision may incur losses. Many factors affect performance including changes in market conditions and interest rates and in response to other economic, political, or financial developments. Investment involves risk including the possible loss of principal. No assurance can be given that the performance objectives of a given strategy will be achieved. A 'AAAm' rating by S&P Global Ratings is obtained after S&P evaluates a number of factors, including credit quality, market price exposure, and management. Ratings are subject to change and do not remove credit risk. Registration with the SEC does not imply a certain level of skill or training. External audits may not catch all instances of accounting errors and do not provide an absolute guarantee of accuracy.**

An individual's pay within this range will depend on his sustained performance over time. Each year every employee will have a performance review with his/her supervisor. During that review, significant performance events that occurred throughout the year will be discussed.

Call Back Pay (Call Out Pay)

Unless you are an Exempt Employee, from time to time you might be asked to return to work after you have left the premises for the day. If this occurs, you will be guaranteed a minimum of four (4) hours of overtime pay. If you work longer than four (4) hours of overtime hours, you will be paid for the actual overtime hours you work.

Computing Pay

Should you be one of our "salaried" employees whose pay is not based on an hourly rate, there might be times when it is necessary to compensate you for some daily or hourly pay. When this is necessary, the Village will compute your time on the basis of a forty (40) hour work week.

Deductions from Paycheck (Mandatory)

The Village of Springville is required by law to make certain deductions from your paycheck each time one is prepared. Among these are your federal and state income taxes and your contribution to social security, as well as NYS retirement, as required by law. These deductions will be itemized on your check stub. The amount of the deduction might depend on your earnings and on the information you furnish on your W-4 form regarding the number of dependents/exemptions you claim. Any change in name, address, telephone number, marital status, or number of exemptions must be reported to the Administrator immediately, to ensure proper credit for tax purposes. The W-2 form you receive for each year indicates precisely how much of your earnings were deducted for these purposes. Medical insurance premiums in excess of the amount contributed by the Village will also be deducted.

Any other mandatory deductions to be made from your paycheck, such as court ordered deductions, will be explained whenever the Village is ordered to make such deductions.⁶ Any other deduction, if authorized by law, will also be itemized on your check stub.

Deductions (Other)/Direct Deposit

It might be possible for you to authorize the Village to make additional deductions from your paycheck, such as Christmas Clubs, credit union loan payments, payroll savings plans, etc., or to deposit your paycheck directly into your savings or checking account at a participating bank. Contact the Administrator for details and the necessary authorization forms.

SUBJECT: AGRICULTURAL DISTRICT ANNUAL ENROLLMENT PERIOD

In 2014, the Erie County Legislature designated September 1 through September 30 each year as the annual thirty-day period during which a landowner may request the inclusion of predominantly viable agricultural land into a certified agricultural district in accordance with Section 303-b of New York State Agricultural and Markets Law.

Landowners interested in agricultural assessment may also be interested in enrolling in an agricultural district at this time. We encourage you to provide this information to anyone expressing interest in this or other agricultural programs.

In order to make this information available to landowners in your municipality, we request your assistance with the following items:

- *Municipal Clerks* – Please post the enclosed public notice in a prominent location within the Town or Village Hall, and if possible, post on your municipality's web site.
- *Supervisors and Mayors* – Please read the enclosed public notice into the meeting minutes for any Town or Village Board meetings held between now and September 30 as part of the Board's record.
- Please provide a copy of the enclosed worksheet to anyone who requests it.

A copy of this form can also be found on our website at www.erie.gov/environment. Should any questions arise, please contact me by phone at (716) 858-1911 or by email at agriculture@erie.gov.

Thank you for your anticipated cooperation and attention to this matter.

AGRICULTURAL DISTRICT OPEN ENROLLMENT FORM

This form is to be completed by agricultural landowners who wish to request inclusion in an existing agricultural district. The information obtained from this form will be used by the County and State to determine the significance and viability of agriculture.
(NYS Agriculture and Markets Law 25AA, §303-b)

REQUESTS WILL BE ACCEPTED FROM SEPTEMBER 1 TO SEPTEMBER 30.

I attest that I am the legal owner of the above properties and that the above information is correct to the best of my knowledge and hereby officially request that my property, which is **predominantly viable agricultural land**, be included in the Agricultural District Program. I recognize that such land, once officially included in the Agricultural District Program, may not be removed from this program until the eight-year review period for the Agricultural District in which my land is placed. I understand that this is not an application for an agricultural tax assessment. I also acknowledge that this request is subject to a public hearing; review by the Erie County Agriculture and Farmland Protection Board; action by the Erie County Legislature; and certification by the NYS Department of Agriculture and Markets.
