

PLEASE READ & RETAIN FOR REFERENCE

Recycling carts are being provided by the Village of Springville with assistance through a DEC grant.

64 gal Recycling carts will be delivered to residential homes and small businesses (without dumpsters) on June 5th & 6th. The carts are being delivered to apartment buildings with three units or less. Each apartment will receive a recycling cart.

Biweekly pickup will begin on June 18th in the 64 gal carts. ALL recyclable items must be inside the cart (including cardboard). See holiday schedule on reverse side of this notice. Recycling does not have to be sorted. All accepted items can be placed in the bin. No food or contaminants.

Regular garbage will be picked up using the sticker system with eight 33 gal bags maximum per week and two large items that do not fit in the 33 gal garbage bags. Stickers must be on each large item and garbage bag. Anything over this limit will be left at the curb and not picked up by Waste Management. Stickers may be purchased at the Village Office, Crosby Mart, Tops and Springville Hardware and are \$2.50 each.

If you have any questions regarding garbage or recycling pickup please contact the Village of Springville Village Office at 5 W. Main St at 716-592-4936 Extension 1000.

Always Recycle:

Reciclesiempre
