Re: Asbestos Waiver

Dear Mr. Kostowniak,

The Department has received your letter dated February 03, 2014 requesting a waiver from asbestos monitoring and stating that there is no asbestos pipe within your water system. Based on your letter, the raw water asbestos testing results from September 14, 2005 and the requirements of Subpart 5-1 of the New York State Sanitary Code, The Erie County Health Department is granting the Village of Springville a waiver from asbestos monitoring. The waiver will expire on December 31, 2023.

If you have any questions or comments regarding this waiver, please feel free to contact me at 961-6864.

Sincerely,

Jennifer Delaney, PE  
Senior Public Health Engineer  
Environmental Health Services
